  - b. Visitation Ministry has been on hiatus during the pandemic. Homebound can now be visited however, guidelines need developed and who will distribute and interest in receiving Communion. Janet Sheehan and Deacon Jack will coordinate this effort. May need additional ministers if need increases.
  - c. SVDP - Garnett Purnell and his family have been putting together the monthly sandwiches. Limited home visitations. Discussing how to handle Walk for the Poor on Saturday, September 26.
3. Old Business
  - a. Parish Directory – on hold for now due to pandemic.
4. New Business
  - a. None at this time.
5. Father's Report:
  - a. Latino Ministry – Parish is trying to reach out to Hispanic families through school and throughout Parish. Suggestion by Laura Kreber to survey the Hispanic school families about what the Parish can do to assist them. In addition, reviewing the Baptism register and contacting those families to get them involved. There are other Diocesan efforts locally and nationally that are happening to gather information. Would like to get Hispanic representation on the School Board and on the Parish Council.
  - b. Strategic Planning Committee was created for the Parish but has been unable to meet due to the pandemic. Father wanted to know if the PPC would be able to become more involved with the committee. Both have similar interests that need addressed and it makes sense to have joint discussions.

Next meeting is October 7, 2020.
